## Graphs

**Number of days, per year, for House of Reps and for Federation Chamber**

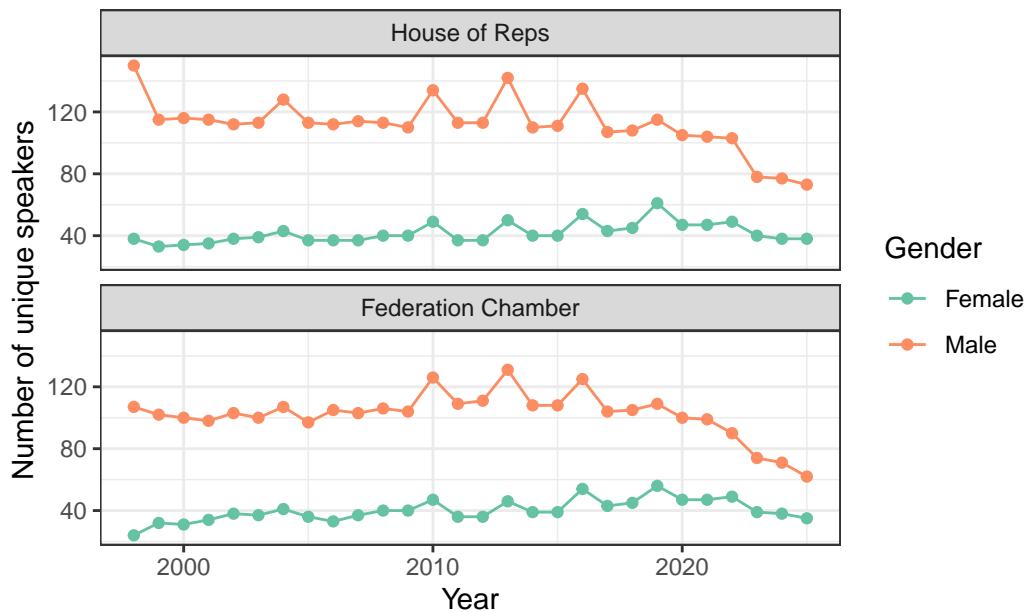

Note: Proceedings captured are from March 1998 to July 2025.

## Number of unique speakers per day

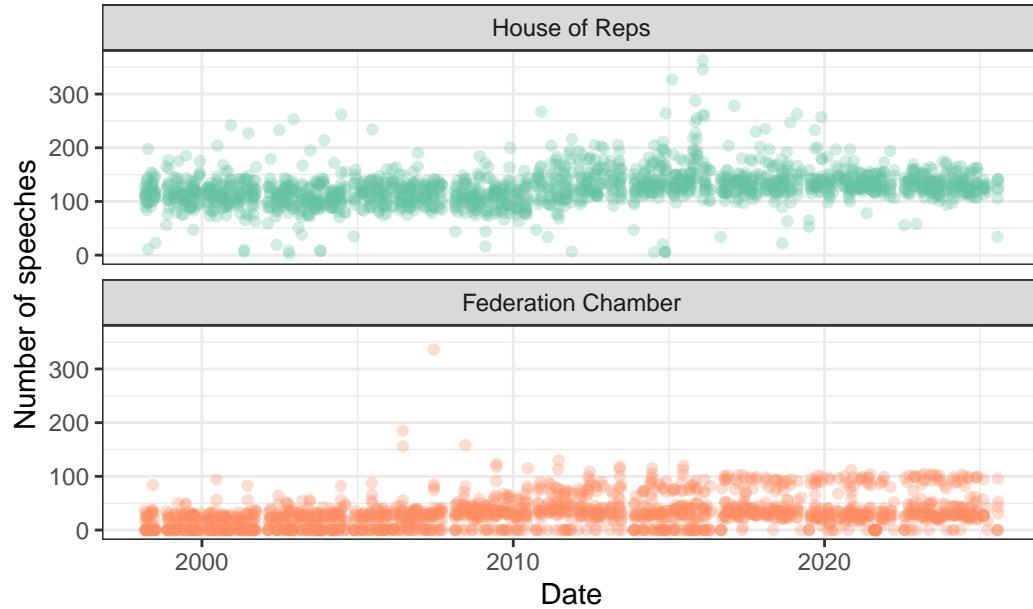

## Number of unique women and men speakers, per year

Note: Proceedings captured are from March 1998 to July 2025.

## Number of unique speeches, per day, for House of Reps and for Federation Chamber

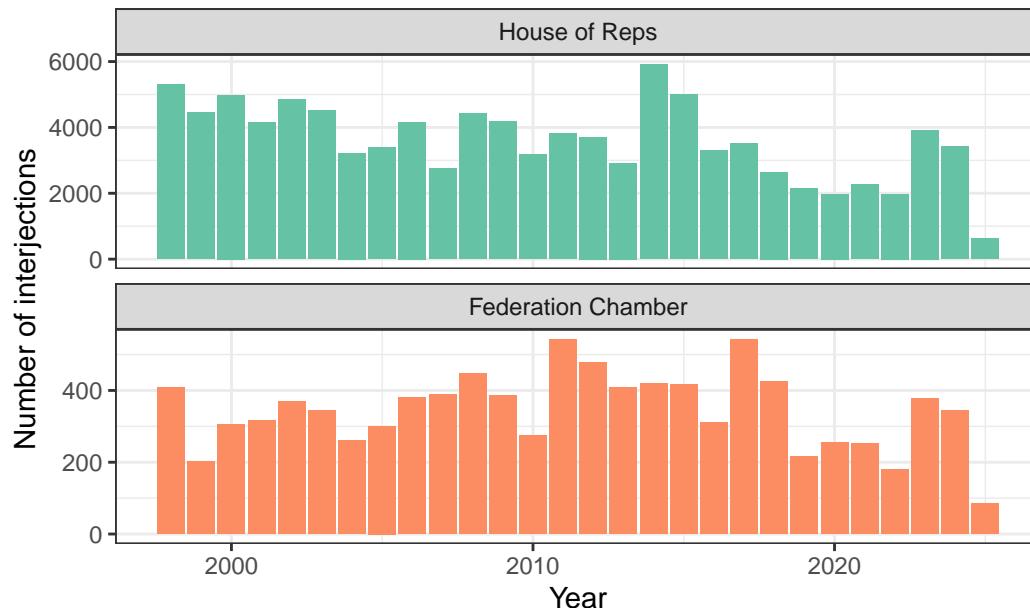

NOTE: I added rows with a count of 0 speeches for sitting days that didn't have a federation chamber proceeding. Let me know if you think this is wrong.

Note: Proceedings captured are from March 1998 to July 2025.

### Number of interjections by year, for House of Reps and for Federation Chamber

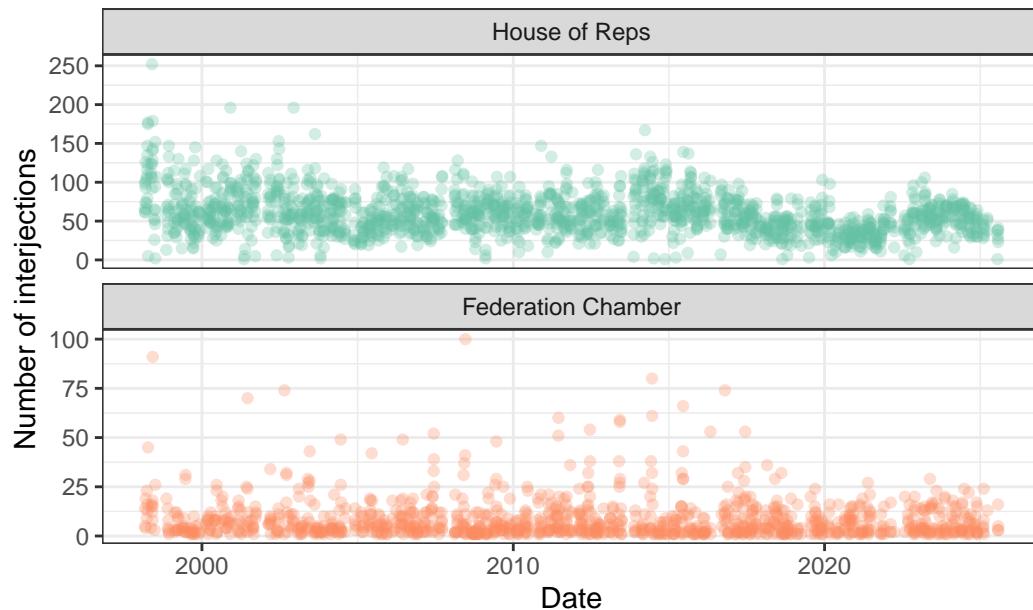

NOTE: I set the scales to free\_y in the facet wrap so you can see the numbers for Federation Chamber better. But if you think it's better for the scale to be the same I can change it.

Note: Proceedings captured are from March 1998 to July 2025.
